

Summer Reading

Sixth Grade Welcome to Sixth Grade!

We will be sharing and discussing stories and poems, and growing as readers all year long. To begin our conversation about reading in September, please make sure that you have read at least three books of your choice over the summer holidays. Here are some book lists to help guide you in your selections:

Here are some other titles you can choose from:

We hope you have a summer filled with great reading, and look forward to learning all about your summer reading lives in September.

Please make sure you bring in one of the books you have read on the first day of school, and be prepared to present book talks or other assignments which your block teachers will introduce during the first week of school.

Happy reading!
